

**WHY?** Our underlying mission is to help teens and youths with career discovery. **We solve a pervasive problem:** There is roughly 1 guidance counselor for every 314 students in High School, which impacts “decisions” PRIOR to College; further, it leads to the “7 year degree” and can be costly for parents and families. We have an innovative platform to assist youths and parents (Legal Guardians). We have ambitious plans for 2017 and hope you will join us as a Sponsor. We can help your business grow through our unique service offerings. We humbly ask for your business by purchasing an AD plan OR a Project Management Solution. *Please visit our Sponsors page:* [www.Bizzeebobber.com/sponsors](http://www.Bizzeebobber.com/sponsors)
